

PIEDE CONICO A PAVIMENTO IN PVC PVC GROUND CONICAL FOOT

Realizzati in polipropilene antiurto, autoestinguente e stabilizzato contro i raggi UV. Completati di dadi e bulloni per il fissaggio della macchina esterna. Forniti con o-ring da posizionare nella parte inferiore del supporto per un miglior ancoraggio al terreno ed un maggiore assorbimento delle vibrazioni.

Produced in high quality polypropylene, shockproof, self-extinguishing and stabilized against UV rays. Complete with screws, nuts and washers for assembly with the external unit. They come with o-rings to be mounted at the bottom for an increased grip to the floor and reduction of vibrations.
